

We are the reason...

You are confident walking into the courtroom.

Your entire team communicates well.

You can change your presentation on the fly.

The jury stays interested in your case.

Your case was seamlessly presented.

Which Side of the Courtroom Would You Rather Be On?

Trial Presentation Services Could You Be More Effective in the Courtroom?

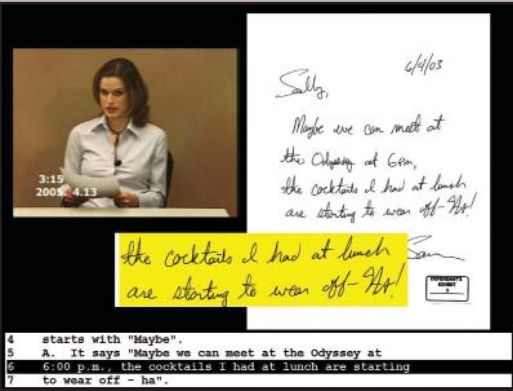

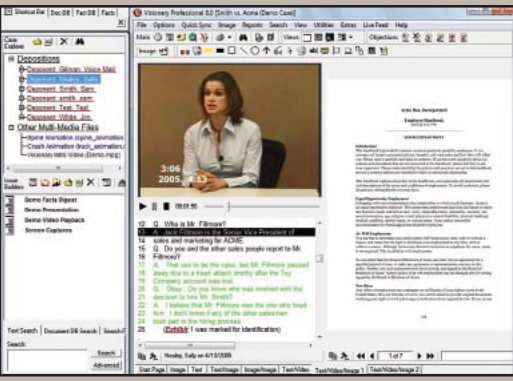

At **Exhibit A**, our goal is to help legal professionals succeed by using technology effectively in the courtroom, war room and law office. We understand the needs of our clients and their high standards. Performance and great quality service is not a luxury—it's a necessity! Our trial technicians and trial consultants are widely experienced in virtually every type of civil and criminal litigation and they have provided a competitive edge for counsel representing plaintiffs and defendants in hundreds of cases throughout the United States.

No matter the size of your firm or the complexity of your case, let **Exhibit A** assist you with a full-range of services including pre-trial preparation, courtroom and war room set up, and help you effectively present your case in arbitration, mediation, settlement hearing or complex jury trial. Our team of expert trial technicians know how to deliver a flawless execution of your trial presentation that will impact both the judge and jury.

From the first discovery to the closing arguments, **Exhibit A** is the technology partner you can count on.

*You are the expert in law.
Let Exhibit A be your technology expert.*

“Jurors appear to be displeased when only one side of the case uses the [presentation] technology, and it is counsel who has chosen not to use the technology who displeases them.”

-Albert E. Scherr
Franklin Pierce University
Law Center Associate Dean
